Part X - FASB ASC 740 Footnote

TechFW recognizes in its financial statements the financial effect of a tax position if that position is more likely than not to be sustained upon examination, including resolution of any appeals or litigation processes, based upon the technical merits of the position. Tax positions taken related to TechFW's tax exempt status for federal tax purposes and state filing requirements have been reviewed, and management is of the opinion that material positions taken by TechFW would more likely than not be sustained by examination. Accordingly, TechFW has not recorded

FOR ENTREPRENEURS: TechFW is entrepreneurs helping entrepreneurs commercialize innovative technologies. TechFW has four main programs for entrepreneurs. During 2020, six client companies participated in our 3-month ThinkLab accelerator, 28 clients participated in our next-step SmartStart and three participated in our FastForward incubation programs. Six of the incubation program clients also completed our M-Crew mentoring program. Of the 37 total clients supported in 2020, 18 had women and 12 had minorities on their founding and leadership teams. ThinkLab is a personal investment by an entrepreneur in the foundations of their technology venture and skill development as a founder and entrepreneur. By design, the ThinkLab program helps founders and entrepreneurs determine whether there is enough value to pursue a product or service idea, identify potential markets, develop a path to market strategy, and learn how to communicate the value of the idea to early stakeholders and adopters. SmartStart is where founders build and launch their startup and tirelessly advance the people, tools and culture within their venture. The goal of SmartStart is to make it happen, through customized efforts to refine the plan, refer the company to appropriate management, consultants, potential partners, or others, and help the company find appropriate funding, etc. SmartStart clients can lease space during the time they need to implement their plans. FastForward is for executives scaling high-growth companies and taking on new leadership challenges with their business model. New executives often need help in seeking funding for growth, hiring, marketing, sales, implementing processes, and many other challenges. From our partnership with Texas Christian University, we were able to match 37 undergraduate interns with SmartStart and FastForward companies during 2020. This alliance has proved to be quite valuable for the companies and a real-world education for the students. Companies in SmartStart and Fast Forward qualify for our M-Crew program,

which is a TechFW differentiator because a team of mentors with diverse experiences works with companies for six months. During this time, they focus on central barriers to growth and implementation that the founders and executives are facing. Our ability to recruit skilled mentors in diverse industries and match them to the needs of the companies has been the success of the program. We are fortunate to have found mentors truly looking to give before they get. During 2020, we matched 21 mentors with six companies and more than 600 hours of volunteer mentoring was provided. Space in TechFW's building was available for sublease to TechFW clients and graduates, as well as a few companies that provide services to TechFW clients. During 2020, more than 2,500 hours of coaching and mentoring services was provided to TechFW-supported companies and entrepreneurs. Client companies collectively raised over \$12 million in investments during 2020 and had capital infusion from grants and loans of over \$1 million. Client companies during 2020 collectively had 102 full-time equivalent (FTE) employees. 25 volunteers provided direct support to entrepreneurs and support in the production of outreach events.

FOR INVESTORS: TechFW facilitates the interaction between angel investors and entrepreneurs from across the country with our Cowtown Angels program, educates new investors through our SmartVest program and partners with organizations to produce events connecting investors and entrepreneurs. The Cowtown Angels program was started in September 2012 to create a mechanism whereby local technology-based businesses could gain access to local funding by private investors. In 2020, more than 50 accredited investors paid an annual fee that entitles them to participate in monthly meetings to hear pitches from companies. TechFW coaches and helps prepare the applying companies so that they are better able to present their businesses well, provides feedback to the applying companies before and after their pitches, and facilitates all the meetings of the angel network. Each member makes his or her own investing decisions. Cowtown Angels generally has three profiles of members: retired professionals, serial entrepreneurs and professional investors, including family offices and private equity firms.
